OUTRAGED AMERICANS.

THE CHINESE HEATHEN RETALIATES FOR THE MONTANA CRIMES.

American Missionaries of the Presbyterian Faith Subjected to Great Indignities in China—The Affair Reported to the Secretary of State—Washington News.

WASHINGTON, Sept. 20.—Minister Denby, at Peking, has reported to the secretary of state two cases of recent outrages perpetrated by the Chinese upon Americans. Rev. A. A. Fulton and wife and Miss Mary Fulton, M. D., and all of the American Presbyterian mission in China, established a mission hospital and station at Kwai Ping, about 400 miles southwest from Canton.

When they had expended a considerable sum in putting up buildings, placards appeared on the walls declaring that the "foreign devils" must go in three days and their buildings be destroyed. The literati, as usual, was at the bottom of the disturbances. A crowd gathered near the hospital, and Mr. Fulton set out to secure the protection of the militia. He was stoned on his way and not permitted to return, and no soldiers were sent to protect the mission.

On May 6 the mob piled straw and faggots against the building occupied by Mrs. and Miss Fulton and a little daughter of the former, upon which the inmates fled, and the house was looted and burned. The ladies sought refuge on boats, but the mob threatened to destroy any boat that should receive them, and, after some delay, they reached the point where Mr. Fulton had been compelled to remain. Two days later they were put on boats and conveyed to Canton. The value of the property destroyed is about \$5,500, and Consul Seymour is pressing a demand for the payment of this amount in damages.

The second case, of still more recent date: On Sunday, June 6, in the absence of all the gentlemen connected with the Methodist Episcopal Mission hospital at Chung King, and while only one lady was present, a mob collected, broke down the gates, threw stones at the lady, one of which cut open her index finger its entire length, while she was otherwise injured about the head and arms. Complaint was made to the officials, but the matter was treated lightly. "This is a serious case," writes Mr. Denby. "and may be a test case. It grew, as all our evils in China do, out of troubles in the United States."

Still later, July 19, the mob attacked the mission property at Chung King and destroyed it. Mr. Denby filed a protest.

Secretary Lamar's Intended Bride.

CHICAGO, Sept. 20.—A Washington special to the Herald says: "It transpires that Secretary Lamar is in New York traveling in the company of Mrs. Holt, of Macon, Ga., to whom he will soon be wedded, although the happy day is not yet fixed. Mrs. Holt is the widow of a prominent merchant of Macon, and is said to have inherited quite a fortune in her own right from her husband's estate. She is of mature years, but possesses fine presence and captivating manners, and is well fitted to adorn society as the wife of a cabinet officer. It has been known for some time that Secretary Lamar was matrimonially inclined, and especially attentive to the lady in question, but his prospective marriage is no longer a secret."

Chinese Blockading.

WASHINGTON, Sept. 20.—Advices received from the state department from Consul Seymour, at Canton, state that the Chinese are raising the Nanigale channels of the river at that place with stone and pile obstructions. These obstructions, Consul Seymour says, are put in the river despite the protests of the American, British, French and other diplomatic representatives, and adds that the barrier is detrimental to commerce and of no use as a means of defense. He says it cannot be conceded that any country has the right under the treaties to blockade or destroy access to its ports in times of peace, as this would destroy commerce and invalidate commercial treaties.

To Investigate the Fishery Trouble.

WASHINGTON, Sept. 20.—The senate committee to investigate the fisheries question expect to leave for Canada on the 28th inst., and thoroughly examine the sources and status of the existing troubles between the United States and Canada. They hope to report at the opening of congress. The members are Messrs. Edmunds, Frye, Saulsbury, Morgan and Searge.

Ex-Senator Rice's Illness.

WASHINGTON, Sept. 20.—Ex-United States Senator Rice, of Minnesota, lies dangerously ill of inflammation of the lungs, at his daughter's, on N street. His physicians fear a hemorrhage. Senator Rice was taking a summer tour down the lakes, when he was prostrated at Montreal, and with difficulty reached here. He was Minnesota's first senator.

A MONSTER EXCURSION.

Nearly Seven Thousand Old Fellows Leave Chicago for Boston.

CHICAGO, Sept. 20.—More than 6,500 Old Fellows and Old Fellows' wives left for Boston over the Grand Trunk road to attend the meeting of the sovereign grand lodge, which begins next Monday morning. It took 130 cars to carry them, and trains started every twelve minutes from the Polk street depot, amid cheers from the people aboard and writhing clamor from the countrymen on the platform, who thought there was only one train and it was leaving them behind. There were representatives on the train from every grand lodge in the west and northwest, many coming from as far as San Francisco and seven carloads from Denver.

SANDUSKY, O., Sept. 20.—The city was without telephone service. Lightning melted the 450 wires of the watchboard and set fire to the tower. Three girls climbed to the roof and extinguished the flames. The explosion in the room of the exchange at the time of the lightning striking sounded like a cannon.

An Italian Murder.

GREENSBURG, Pa., Sept. 20.—Near Ligonier two Italians named respectfully Angeli and Stefful, murdered a companion named Quajiloto. They beat and stabbed him in a frightful manner.

HE HAD SNAKES.

Three Living Reptiles in a Man's Stomach, One Over Eight Inches Long.

WILLIAMSPORT, Pa., Sept. 20.—About three years ago, Mr. Longwell, of Charleston, Toga county, began experiencing strange sensations in his stomach, as if some living thing were there. He felt something moving about in his stomach at times. A year ago his belief was confirmed, when by means of a violent emetic, he vomited two living snakes, each over a foot in length. Two months later he felt a recurrence of the crawling sensation in his stomach, and was taken with fits, accompanied with horrible convulsions.

Three weeks ago he experienced an exceptionally severe fit, which nearly cost him his life. Friday afternoon, during another fit, Mr. Longwell vomited a gartersnake eight and a half inches long and half an inch in diameter. His wife stated that when the snake protruded four inches from the sufferer's mouth it stuck fast, but the snake was finally ejected, though not before Mr. Longwell, in his agonizing convulsions, had bitten it almost through in three places. Neighbors corroborate the account. It is supposed that in drinking from a pool about three years ago Mr. Longwell sucked into his stomach the eggs from which the reptiles grew.

CHICAGO'S BOARD OF TRADE.

A Proposed Change in Their Business Hours to Come Up Next Wednesday.

CHICAGO, Sept. 20.—A notice was posted with the directory of the board of trade September 13 requesting that action be taken relative to a change of hours. At present the hours are from 9:30 a. m. to 1 p. m. and 2 p. m. to 3:30 p. m. The proposed change is from 9:30 a. m. to 1:30 p. m., and would give the same number of business hours. The paper was circulated among the members and in a short time received 450 signatures, including those of Armour and many of the heaviest traders. The motion comes before the board for final action next Wednesday. The proposed change has been discussed for years, but until lately no one seemed willing to take the lead.

The Chicago board is the only public one in the world the session of which is broken by a recess. At present very little trading is done in the afternoon session, and it is thought that as soon as the new hours are known business will run on about the same. The new session, moreover, would have the advantage of being in harmony with those of the other important exchanges in New York and elsewhere.

A Fatal Kentucky Duel.

FRANKFORT, Ky., Sept. 20.—Several weeks ago Thomas Sharkey was found dead near the railroad, just outside the city limits. There was a bullet hole in his left temple, and lying near him was a 32-caliber Smith & Wesson pistol, with one chamber discharged. The coroner held an inquest and returned a verdict of suicide. There were strong suspicions of foul play, and it is now believed that Sharkey was killed in a duel. It seems that Sharkey and another young man were in love with the same young lady, and were very bitter rivals. They chanced to meet at the young lady's house and had some warm words. Late on the same evening they met on the street and had another row, but finally concluded to settle the affair with pistols, and, as Sharkey was seen alive no more, it is supposed he was killed in the duel. The name of the other man has been successfully concealed. The affair is creating considerable excitement here and in Lexington, and it is expected the grand jury will investigate the matter.

Shooting at the Louisville Races.

LOUISVILLE, Ky., Sept. 20.—At the race course some excitement was caused by O. O. West, western agent of the Dwyer Bros., attempting to shoot J. S. Brannon, owner of Bootblack and other racers. West had used obscene language to Brannon's son about allowing Bootblack to be exercised in his, West's, paddock. West was excited, and when the elder Brannon came along and remonstrated, the two began quarreling. West drew a revolver and fired, but the shot missed Brannon, who then clinched with West. The latter pressed the pistol into Brannon's stomach, but the hammer caught in his coat, and Brannon twisted out of the way, the ball grazing the flesh. They were then separated, and have since expressed regret over the affair.

Death of El Coyote.

VICTORIA, Mex., Sept. 20.—Juan Rodriguez, the bandit known as El Coyote, was surprised Thursday by a detachment of the Sixteenth Mexican cavalry near San Domingo in Nuevo Leon and killed, with seven of his men. El Coyote's band consisted of about 150 men. They were enjoying a siesta about 4 o'clock in the afternoon, having laid aside their arms. The troops suddenly rushed upon them with drawn sabres. Not a shot was fired. Most of the bandits managed to escape. Only one of the soldiers was killed and two wounded. El Coyote had been uniformly victorious in his previous encounters with the Mexican troops.

A Sandusky Fire.

SANDUSKY, Sept. 20.—Fire broke out about 3:30 in the morning in Link's hall and wine cellars and extended to Hanfens drug store and Gehri Bros.' grocery, gutting all of them.

GENERAL FOREIGN NEWS.

ARRIVAL IN DUBLIN OF IRELAND'S LORD LIEUTENANT.

The City Gaily Decorated and the Royal Party Enthusiastically Received—Interview With the Imprisoned Priest—A Plot to Assassinate Prince Alexander.

DUBLIN, Sept. 20.—The Lord Lieutenant and Lady Londonderry were received by a large crowd on their arrival at the Westland Row railway station, and were repeatedly and heartily cheered. They both left the station on horseback, Lady Londonderry being dressed in a white Irish poplin dress, which she donned before leaving the station. Along the route they were welcomed with cheers and groans. Lord Londonderry raised his hat, bowed and smiled at each burst of enthusiasm. The windows and doors of the building occupied by the Kildare club were filled with members, and the club had a handsome banner strung across the street, bearing the inscription, "The Queen and the Constitution."

The street presented a gay appearance, many buildings being handsomely decorated with flags and bunting. The Hibernia bank building was among the number of buildings that was not decorated. The entire route from the railway station to Dublin castle was lined with troops. Cheers intermingled with groaning greeted the viceregal party throughout the march. The party entered Dublin castle amid cheers for Farnell and United Ireland. An attempt by the crowd to sing "God Save Ireland" was made, but the police stopped it.

Rev. Father Fahy Interviewed.

DUBLIN, Sept. 20.—The Rev. Father Fahy has been interviewed by a United Press representative in the Galway jail, where he is serving out a sentence of six months' imprisonment. With regard to the charges alleged against him, he stated that they were all false in every particular. The landlord, Mr. Lewis, whom he is charged with having threatened, he declared had never been menaced with dynamite by him (Fahy). He also denied having incited the people to groan at Lewis. With regard to his reasons for not furnishing bail for his good behavior, Father Fahy said: "I did not furnish bail, because a compliance with that ruling of the court would be tantamount to a tacit admission that the defense was based on false grounds, which would revert against me, inasmuch as it would prove that I was unworthy of priest-hood."

House of Commons.

LONDON, Sept. 20.—In the house of commons Mr. Henry Matthews, home secretary, branded the statement as untrue that Mr. Joseph Chamberlain would be guarded by a police inspector during his contemplated tour of the continent.

Lord Randolph Churchill said if the consideration of estimate were finished to-morrow the government proposed that the course of business on Monday would be, first, the report on the supply bill, and second, the appropriation bill, both of which it was intended to dispose of prior to taking up Mr. Parnell's bill.

Sir James Ferguson, under secretary of foreign affairs, denied that England was forming a coaling station on the Island of Thaso, in the Aegean sea.

Denmark's Unjust Laws.

COPENHAGEN, Sept. 20.—The government prohibited the circulation in Denmark of a newspaper, the Danish Pioneer, published in Omaha, Neb. This was done on the basis of the provisional law of the 13th of August, which the ministry proclaimed without the sanction of the legislature and contrary to the will of the people. No special reason is given for the prohibition.

Another Fastening Crank.

ROME, Sept. 20.—Giovanni Succì, who professes to have discovered a liquid, a small quantity of which will enable a man to fast for one month or even two, has completed a thirty days' fast, and is to all outward appearance in an inexhaustible condition.

Beach Won the London Race.

LONDON, Sept. 20.—The sculling race between William Beach, the Australian, the champion of the world, and Jacob Gaudaur, over the Thames course, from Putney to Mortlake, for £200 a side, was rowed, and won by Beach.

SOFIA, Sept. 20.—The Russian agent here has informed the Bulgarian government that Russia will not only maintain the independence of Bulgaria, but also claims the right of defending her.

LONDON, Sept. 20.—Sir Edward Thornton, British ambassador to Turkey, has arrived at Constantinople.

The Dead Actress.

NEW YORK, Sept. 20.—The body of May Joyce, the pretty actress, who died last Thursday in Harlem, will be sent to Syracuse. The remains were to have been buried in the actors' lot at Cypress Hill, the expenses being defrayed by two lady friends and the actors' relief fund. A telegram was received by Mr. Joyce, the husband of the dead actress, requesting her body be sent to Syracuse. It was found that Mrs. Joyce when she died had just come into possession of \$2,000 left her by an uncle in Syracuse.

THE SULLIVAN-HEARLD FIGHT.

Arrival of the Principals and the Arrangements All Complete.

PITTSBURG, Sept. 20.—Frank Hearld and John L. Sullivan, the principals in the sparring match in the Allegheny Coliseum, together with attendants and a large number of admirers arrived in this city early in the morning. They were met at the Union station by a crowd of enthusiastic sporting men and escorted to the Central hotel, where they took breakfast. Hearld arrived at 7 o'clock, Sullivan following on the next train, arriving at 9 o'clock. Everything is in readiness for the contest. The building of the stage was completed at a late hour. There is an unexpected rush to procure tickets of admission and the indications are that the building, which accommodates 3,000 people will be taxed to its utmost.

There is yet a possibility that the "argument" will not be held in the Coliseum building, as a strenuous effort is being made by the lovers of law and order to induce Allegheny's mayor to recall the license. Should this plan fail of success, a committee will probably form as large a delegation as possible and go into court, requesting an injunction, restraining the management from going on with the proposed contest. It is positively stated, however, that the boxing match will be contested in this vicinity, but whether in the Coliseum or elsewhere, the events of the day alone will decide.

THE STORM'S WRECKAGE.

Damages Reported From the Recent Wind Wave in Michigan.

DETROIT, Mich., Sept. 20.—Reports from the recent storm are beginning to come in from stations of the state off from telegraph lines and from localities where the wires are blown down. The damage was greater than was at first supposed, but the loss of life was small. Ten houses were unroofed at Bath Mills, Jackson county. Several others were blown to bits. Here also a large apple orchard was literally torn up by the roots, with the exception of one tree. In the fields near by trees ten inches in diameter were twisted off near the ground and the trees blown a considerable distance.

The storm spent its force on a comparatively small area. Along the Kalamazoo river it raged for an hour with terrible violence. The river was filled with trunks and limbs of trees, and with timber which had been blown out of barns and houses. The damage to the fruit orchards will amount to thousands of dollars. Several curious freaks of the hurricane are reported at Mice, Oscoda county. A little girl playing in the street when the storm broke, was picked up, carried some distance, and landed in the loft of a roofless barn, where she was found later by her anxious parents, drenched to the skin but uninjured.

THE COKE SUPPLY.

New Works Erected and Increased Activity Exhibited.

PITTSBURG, Sept. 20.—The Connellsville Coke and Iron Company has decided to put down another coal pit, build 500 new coke ovens and erect extensive new works near Leisenring. The proposed enterprise is carrying out a programme which the company mapped out some time ago. The members of the coke syndicate have decided to reduce the output one-sixth by closing the ovens one day each week. There will be no interference with prices at present.

It is announced that H. C. Frick & Company of this city; the Union Rolling Mills, of Chicago, and the Joliet Steel company, of Illinois, have formed a huge coke company with \$300,000 capital. Frick & Company own a half interest and the other two companies a quarter each. All the custom of these two firms which consume 1,200 of coke daily, will go to Frick & Company exclusively. This necessitates the erection of new coke works, and will cause increased activity in the coke regions and insure steady work for a large number of workmen.

Nominated After Three Days' Session.

RUSHTON, La., Sept. 20.—After a session of three days, in which sixty-four ballots were had, the opponents of Gen. J. Floyd King concentrated their votes on the Hon. C. Newton, of Moorehouse, and he received the nomination. Mr. King's friends voting with the rest to make it unanimous. The nominee is a young man, a native of the parish, a graduate of Washington and Lee university, in Virginia, and a lawyer. He was state senator for one term. He is a modest, amiable gentleman and a bourbon whose democracy is untainted. Gen. King who is thus retired from the public service, has been eight years in congress, and a conspicuous character therein. He was distinguished among his intimate friends for his strong personal and intellectual resemblance to the great Napoleon.

Passenger Train Ditched.

MARION, Ind., Sept. 20.—The baggage and mail car and two passenger coaches of a south bound train on the Cincinnati, Wash & Michigan road were derailed eighteen miles south of here. The cause of the accident was a tree, two feet through, which the storm had blown across the track a short time before. The engine cut through the obstruction, and the train would have passed in safety had not the track spread. The coaches jumped over the ties for a distance of 150 feet before they brought up in the ditch. A number of passengers were painfully bruised and shaken up, but none fatally. The train was late, and was running at a high rate of speed.

A Rich Rag Picker.

CHICAGO, Sept. 20.—For a number of years past Carl Hummel has carried on the business of rag picking in this city, but a few days ago he disappeared. A search resulted in the finding of his body in the old slummy where he lived alone. In a small leather trunk were found several deeds of Chicago property, which are worth a fortune to the heirs, who are as yet unknown.

Claimed American Citizenship.

LAREDO, Tex., Sept. 20.—Recently Juan Rubies, a Mexican, was arrested in New Laredo, Mexico, on a charge of desertion from the Mexican army five years ago. Rubies claimed American citizenship, and said that he was a policeman in Laredo, Tex. Friends interested themselves in the case of Rubies, and appealed to the United States consuls, and the prisoner was released. The affair created a sensation.
